OPEN WEEKEND

Rhubarb-Rhubarb was fortunate enough to win the world premiere of 'Obama's People', the extraordinary exhibition by Nadav Kander, currently running in Gallery 20 at Birmingham Museum and Art Gallery. It is a highly popular show and now there is an opportunity for you get your portrait made.

Make your own role in the new Obama administration happen too - name your role in the Obama team, or create your own two or three person sub team, and come and have your portrait made by one of the West Midlands most experienced portrait photographers, Richard Battye. Have the photograph emailed to you or we will arrange for it to be sent to you if you are not on line.

The Obama moment has been something which has given hope to the world and conveyed a generosity of spirit much embraced by people everywhere, irrespective of race, religion or beliefs. Collective will has driven the Obama magic - people making things happen and joining in.
